

VISTER 2830

Full HD pipe camera

→ OVERVIEW

VISTER 2830 is a Full HD pipe camera ideally suited for high-quality pipe inspections. With a superb resolution of 2 million pixels, it offers exceptional image clarity and a clear field of view.

→ MAIN APPLICATIONS

VISTER 2830 is a lightweight, easy-to-handle, and operate camera used for inspection and video recording of 50mm (2") or larger diameter pipes, including sewer and water lines.

→ SYSTEM HIGHLIGHTS

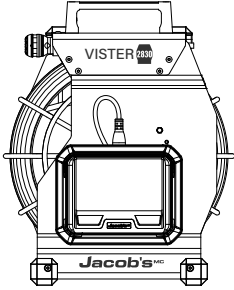

- A rugged IPX7-level waterproof high-resolution 28mm camera head with super-bright LED light.
- A 30m long 6mm diameter push rod can pass 90° bends.
- A high-quality 5-inch touchscreen with 3x digital zoom, video recording, and image capture capabilities.
- A set of accessories including slip brushes.
